

CHINESE POST BOYCOTT  
OF ALL JAPANESE GOODS

Suggestion That \$12,000 Worth of Imports Be Used for a New "Tea Party" Is, However, Rejected.

These queer looking handbills you saw posted on the sides of buildings in Chinatown to-day were not declarations of war of hostile tongue. They were notices that between fifty and one hundred Chinese merchants have formally bound themselves to boycott all Japanese goods here, as the Chinese in San Francisco have done.

Yesterday \$12,000 worth of merchandise arrived from Japan. Last night the Chinese merchants met in the old tea house in Mott Street and took their vote. Several wanted to burn the goods, but were voted down. In the Chinese Daily News they put a notice in part:

"Japan is a very savage country. Chinese hearts are very angry. All the Chinese people in San Francisco have boycotted Japanese goods. We should altogether be determined to boycott Japanese in this city. This is very true. This is addressed to the merchants, restaurant keepers and all Chinese residents."

PEARSON WILL REFUSE.

Whitman Will Choose Another to Head Agricultural Bureau.

DR. MORTON, Jr., March 5.—President Raymond A. Pearson of the State Agricultural College at Ames has decided not to accept the offer of Gov. Whitman of New York to become Commissioner of Agriculture of that State. Announcement of his decision was made here to-day.

ALBANY, March 5.—Gov. Whitman has not fully decided whom he will name to succeed Calvin Huseon, Commissioner of Agriculture. There are several candidates for the position. Pearson was Commissioner of Agriculture under Gov. Hughes.

# Omega Oil

FOR Swellings & Inflammation

This Oil is the only one over the place. It is the only one that is a piece of land with a piece of land on the painful part and cover with a piece of dry cloth. This treatment usually gives quick relief. 10¢ bottle rec.

## WALL STREET.

Stock market opened quiet, a fraction higher. Maxwell Motor issues were weak and M. K. & T., both common and preferred, sold off in first few minutes. There was a little spurt of activity after 10.30 A. M., but by end of first hour the trading again relapsed into dullness and prices eased off a little. Although there was no large increase of activity, the market in the second hour showed an increase of strength and at noon most of the active stocks showed gains ranging up to a point. Stocks moved a notch higher in the early afternoon—Steel to 45 1/8, Reading 145 1/8, Canadian Pacific up 1 1/8, at 158 3/8—and trading was moderately active in all the important issues. Market closed strong at top prices.

Closing Quotations.

With net change from previous close.
